Note: Wells Fargo, Chase, Discover and some other lines require a soft pull with the address you provide. It is your responsibility to do the soft pull. You will need to subscribe to a Credit Monitoring Service, so that you can do the soft pull, as well as check the status of your Tradeline(s), AFTER we notify you of it posting. You MUST NOT have a fraud alert or freeze with your Credit Monitoring Service, because a Tradeline will NOT post. All Lines post in 4-5 weeks after the Statement Date. All SSNs are subject to skip trace analysis. We cannot replace a Tradeline if you give us the wrong name, misspelling, SSN or DOB! Please double check!

We work with CPNs or SCNs, but it MUST ALREADY BE ESTABLISHED!

*All our sales and services are final and non-refundable, after completion of the work has been performed. If we cannot perform the work, then a refund is in order, and will be issued!
